Specifications are subject to change without notice.

*1 Ink droplets can be placed with a pitch of 1/4800 inch at minimum.

** Document print speeds are the averages of ESAT in Office Category Test for the default simplex mode, ISO/IEC 24734. Photo print speed is based on the default setting using ISO/JIS-SCID N2 on Photo Paper Plus Glossy II and does not take into account data processing time on host computer, Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.

** Paper types NOT supported for borderless printing are as follows: Envelope, High Resolution Paper, T-Shirt Transfer, Photo Stickers.

** TWAIN driver (ScanGear) is based on the TWAIN specification V1.9 and requires the Data Source Manager that comes with the operating system.

** Optical resolution is a measure of maximum hardware sampling resolution, based on ISO 14473 standard.

** Colour document scan speed is measured with ISO/IEC 29183 Target A. Scan speed indicates the time measured between pressing the scan button of the scanner driver and the time the on-screen status display turns off. Scan speed may vary depending on system configuration, interface, software, scan mode settings and document size etc.

** ADF Copy speed is the average of ESAT in General Performance Test for the default simplex mode, ISO/IEC 24735, excluding time to copy the first set. Copy speed, page coverage, type of paper used etc., does not take into account warm-up time.

** Black & white document fax transmission speed is based on default setting using ITU-T No.1 chart. Colour document fax transmission speed is based on default setting using Canon Color Fax Test Sheet. Actual transmission speed may vary depending on document complexity, fax settings at receiving end, and line conditions etc.

** Page count is based on ITU-T No.1 chart or Canon FAX Standard Chart No.1.

** Declared yield value in accordance with ISO/IEC 24711 (for A4 size) using ISO/IEC 24712 test file and ISO/IEC 29102 (for 4x6" size) using ISO/IEC29102 test file. Values obtained by continuous printing.

** Black ink is not used when printing in 4x6". However, a minimal amount of black ink is used for maintenance purpose.

Note: All printers work in Operating Environment of Temperature: 5–35°C; Humidity: 10–90% RH (no dew condensation).

All printers work in Storage Environment of Temperature: 5–40°C; Humidity: 5–95% RH (no dew condensation).
